Theft from Motor Vehicle Prevention

Most thefts from motor vehicles are crimes of opportunity through unlocked doors and open windows. Large parking locations like shopping centers, housing communities, parks, and schools are prime targets for thieves since multiple vehicles can be hit in a short time span. Also, thieves know the odds are good that someone will leave a door unlocked, a window down or keys in the ignition. Unfortunately, thefts from motor vehicles are common. Luckily, they are preventable. Use these easy and inexpensive tips to reduce your risk of becoming a victim.

Parking & Securing Your Vehicle

- Use a garage or secure location whenever possible.
- Park in well-lit areas where your car can be seen.
- Avoid isolated areas. Park near locations frequently used by pedestrians.
- If you hear something suspicious (shattering glass) or see someone looking into vehicles, call 911.
- Roll up windows and lock all doors.
- Secure the trunk, hatches, bed-mounting tool boxes, and canopies.
- Activate your alarm.
- Install anti-theft devices.
