

Residential Zone Permit Parking Program

In an effort to alleviate parking shortages in residential areas that contain a business district, Municipal council has established residential zone parking areas. **All residents living in a zoned parking area must apply for yearly permits.** Permits can be obtained at the Norristown Police Department (records division) Monday through Friday 8:30am to 4:30pm.

Eligibility: (all Zones)

- Must Show proof of residency (vehicle registration or utility bill).
- Must produce valid Driver's license & vehicle registration.(Both driver's license and registration must have the current address)
- It is permissible for a resident to obtain a permit for a vehicle used for business purposes and owned by the employer so long as the application is accompanied by a notarized letter on company letterhead noting that the resident has permission to use the vehicle.
- Renters **Must** present a copy of their lease or a notarized letter from the landlord.
- **Residents of apartment buildings are not eligible for permits**

(All Zones) If an applicant indicates they no longer possess a vehicle for which a valid permit is on record, they must present proof that the vehicle was transferred out of their name.

For additional information or any questions contact Norristown Police Department records division at **610-270-0469**
