Fee Information

Resubmissions

The fee schedule and time limits will apply regardless of whether the submitted application is for the review of a tentative sketch, preliminary plan, or final plan. Once the initial fee has been received, MCPC charges a fee for the resubmission of subdivisions and land developments that are essentially the same as the former submission. A flat fee of \$125 is required for all residential subdivisions/land developments. No fee is required for residential subdivisions/land developments of 3 lots/units or less. A flat fee of \$190 is required for the resubmission all non-residential subdivisions/land developments. No fee is required for non-residential subdivisions/land developments of 3 lots or 3,000 square feet or less respectively. A subsequent plan is NOT a resubmission and requires full fee payment if it is more than 5 years after the previous submission, the proposed land use is changed, or the number of dwelling units or square footage has changed by more than 40% from the prior submission.

Waiver of Fees

Fees are waived for an application filed under the name of a governmental subunit of the United States or the Commonwealth of Pennsylvania, including school districts and authorities. This exemption does not apply to private nonprofit organizations except for volunteer fire companies and ambulance squads.

Refunds

If MCPC fails to complete its review within the required time limits, the fee will be returned to the applicant upon request, except in those instances involving an incorrect fee or incomplete application or when MCPC has been granted a time extension for the review.

Informal Reviews and Special Circumstances

Meetings with MCPC to discuss applications, either prior to or during the formal review process, are encouraged and free of charge. If the applicant requests the meeting, the local municipality will also be invited. Meetings and informal reviews do not replace the official formal review by MCPC. In addition, if a municipality requests any meetings, court appearances, redesigns, or other special events that are related to the MCPC review, no extra fees will be charged. Similar requests by developers will be charged appropriately in accordance with fees for staff services.
