Quality of Life Ordinance

The purpose of QOL Ordinance is to promote the health, safety and general welfare of the Municipality by helping to create a clean environment for the residents of Norristown.

We all want the Municipality of Norristown to be clean, safe, and a great place to live. With the adoption of Ordinance 20-19 on Dec. 1, 2020 the Property Maintenance Quick Ticket Program was created. This program establishes 15 Quality of Life Violations that will not be subject to warnings: offending properties will be automatically subject to a civil fine. We have included a list of these violations for your review.

If violations are spotted by our inspectors, a picture will be taken and a fine will be issued. If there are reasons that you find the ticket unjust, appeals can be heard with the Buildings & Code Enforcement Department. Appeals must be brought in writing with the Violation Ticket Appeal form within 15 days the violation ticket was issued. The violation fine must be paid during the appeals process. If the appeal is granted, the fine will be refunded.

Quality of Life Enforcement benefits everyone as it will help keep the Municipality clean, so lets all do our part.

If you have any questions regarding this ordinance, or if you wish to report a Quality-of-Life violation, please contact the Dept. of Buildings & Codes at 610-270-0441 or submit a complaint via our website.
